

LOCAL LANDCARE GROUP HYGIENE REQUIREMENTS

Please read these and don't come along if you're vulnerable or have been overseas recently, been in contact with anyone with COVID-19 or are experiencing symptoms.

To manage the risk of COVID-19, it is requested that you implement the following controls.

1. Volunteers in the **vulnerable** category cannot work on site, which includes: anyone over the age of 70, people aged 65 and over with chronic medical conditions, people with compromised immune systems and Aboriginal and Torres Strait Islander people 50 years and older with one or more chronic medical conditions.

2. Local Landcare groups are to undertake a **3 question COVID health check** with their group members at the start of each gathering. If any volunteer answers "yes" to any of the below questions, the group must ask the volunteer to leave and stay home until they are tested for COVID-19.

Q. Have you been overseas in the last 2 weeks?

Q. Have you been in contact with anyone with COVID-19?

Q. Are you experiencing a cough, sore throat, fever or shortness of breath?

3. Limit the number of volunteers present at your Landcare site at one time to a **maximum of 20 people**.

4. Ensure a **physical distance of 1.5m** is maintained between volunteers at all times.

5. Practice **good hygiene**. Volunteers are to carry their own personal alcohol based hand sanitiser to wash their hands at the start and end of the working bee

6. **Personal gloves** are to be worn whilst working.

7. **Tools are to be allocated to individuals or wiped between uses with an alcohol-based sanitiser or disinfectant.**

END
